

Ephipparius Deck

168 new cards for Agricola!

84 new minor improvements and
84 occupations designed by fans of
the game that you can play on their
own or combine with other decks.

The base game rules remain unchanged. Note the clarifications.

Placing a person from your supply:

Some cards in this deck allow you to place a person from your supply. There is no restriction to where you place such a person: a person from your supply can use any action space.

At the start of the returning home phase, people placed from your supply return there (*and not to your house*). A person placed from the supply is no longer in your supply and cannot, e.g., become a newborn that round. If you have 5 people already, you cannot place one from your supply; thus, the effect does nothing.
